## PREFACE.

---

The custom of keeping town records, as undertaken by the founders of New England, was a development of the system in vogue in Old England at the time of the Puritan emigration to our shores. In England the unit of organized communities was the parish, and the records required by law to be kept for this parochial unit related only to the vital statistics of marriages, baptisms, burials, and a few other matters of an ecclesiastical character. The rector or vicar of the parish was the clerk, who had custody of these books or registers, and they were in effect nothing more than the records of the established church, its clergy, officials and its parishioners in that particular community. No such thing existed as records relating to the material interests of the parishes, excepting in towns having a mayor and corporation, such as London, Exeter, Bristol, which were required to keep municipal records.

The social system devised by our forefathers was based on the separation of the church and state, whereby the unit of the community was the town, which cared for the material interests; and the church, as subordinate, was concerned only in the spiritual welfare of the citizens. No matter how small the town at its beginning, it was a political entity in the colony, independent in its functions under the laws established for its government. The first duty of the freeholders or proprietors who had been incorporated into a body politic as a town was to procure "a suitable book," and keep therein a true record of the acts of the townsmen in their meetings legally assembled by warrant. In making these records a new departure in the matter of vital statistics was developed, — that of recording the births and deaths of the residents, rather than the baptisms and burials. This latter plan, as in operation

in the English parishes, was continued by the churches here, and thus there exists with us a double record of the coming in and the going out of the world of the individual of a community, each record supplementing the other.

The people of the Vineyard, who came largely from the Massachusetts Bay and Plymouth colonies, brought with them this custom, and although for many years outside the jurisdiction of either colony, yet the keeping of town records was established here with the first settlement at Edgartown. Although Tisbury was not settled till a quarter of a century later, yet its records are the oldest original volumes of town records on the Vineyard now extant.\*

These ancient records which follow in this volume consist of two folio books. The first in point of age is a thin volume of 50 pages, bound loosely in paper, and was recently recovered by the town clerk, and remains in a fair state of preservation. It measures 8 by 13 inches, and its earliest entries are in the handwriting of Thomas<sup>3</sup> Mayhew (grandson of the governor), the first town clerk of Tisbury whose name has come down to us as acting in that capacity. The earliest record in this book is the deed of Benjamin Church, the noted Indian fighter, to Joseph Merry, dated Nov. 19, 1669, conveying the mill and its privilege, then situated on the Tiasquin or New Mill River, in the present town of West Tisbury, where for many years after the Look family owned and operated a grist mill. The last entry in this book is dated March 11, 1688 $\frac{3}{4}$ , and appears on page 17 of the printed volume.

The second book is much larger than the first, and is the "new boock" referred to in the vote of Dec. 4, 1689 (*vide* page 22), which the freeholders procured in order that "all records of or in y<sup>e</sup> old books and loose papers of consarnment *sutch as they shall see covenant*" might be entered by the town clerk. This qualifying clause, italicized, leaves to our imagination the anxious task of estimating how much

---

\* The town records of Edgartown are a copy of the original, which have disappeared. The oldest book dates from about 1730, when the transcribing was undertaken by the town clerk. It is probable that the early records were in small books and "loose papers," as in Tisbury, and were destroyed after the copy was made. The Chilmark records begin in 1704.

interesting and valuable matter was discarded by the committee as not of sufficient "consarnment" to be transcribed. That much was left out is certain, for this second volume does not contain anything from the older volume above described. It is bound in vellum, measures 8 by 12 inches, and has been entirely filled from cover to cover by the economical clerks of the seventeenth and eighteenth centuries. The records were at first entered at both ends indiscriminately, without chronological order; and this double-headed plan, with duplicate pagination, makes a resulting confusion of dates, sequences and subjects, that renders an examination of it for a special object a tedious task. In the printed copy the chronological sequence has been wisely restored, for purposes of convenient reference, without in any way diminishing its record value. This book, hitherto regarded as our oldest record, until the recovery of the other, was begun in 1690 by Benjamin Skiffe, then "toun clark," and its earliest entry is under date of March 17, 1687, recording his election to that office. Thus it will be seen that a hiatus exists between the last entry of the first book, March 11, 168 $\frac{3}{4}$ , and March 17, 1687, indicating that the records of three whole years are missing from one of the two books, probably the first. That much of value has disappeared becomes evident to one who has had occasion, as the writer has, to search these volumes for material that should be there. As an example of an important record not to be found in either book, is the following copy, certified as "taken out of the toun ritings this 14 of Martch 1684 by me Nathan Skiff Clark of Tisbury." This was found by the writer recently among the archives of the Supreme Judicial Court at Boston, where it probably had figured in some early law suit. It is here inserted for preservation, on account of its historical value:—

To this legalized depletion of the records of our town, sanctioned by the early freeholders in 1689, must be added subsequent losses, which have in all probability further reduced the completeness which we should much desire to find. In 1716, under the clerkship of Robert Cathcart, a portion of the records in his custody were stolen, and had not been recovered as late as 1754, as appears by the following affidavits: —

[SUPREME JUDICIAL COURT FILES, No. 72789.]

The Deposition of Mr. Abner West of Homeshole in Tisbury of seventy years old. Testifieth and Saith that About the year A. D. 1716 he Living then Near Mr. Robert Cathcart of said town of Tisbury he Understood that Said Cathcarts Shop was Broken Open and the book in which Records were was Stolen and Never after all found " &c &c.

July 17. 1754

The Deposition of Mrs Jane West of Tisbury being seventy two years old. Testifieth and Saith that She living near Mr. Robert Cathcart of Tisbury The Common talk was that said Cathcarts Shop was Broken Open and many things Stolen and Particular the Town Book of Records & that she always Understood he was Town and Proprietors Clerk and that some part of said book was found and Never heard that the other part of said book was ever found" &c &c. July 17. 1754

What records are involved in this loss may never be known. Possibly it was an early "Proprietors" record, for it was customary to have separate volumes for the minutes of proceedings of the townsmen and freeholders, the business of each being conducted independently. It may be surmised that the theft occurred in connection with the suit at law which arose between Joseph Briggs, plaintiff, and the Proprietors of Takemmy, *alias* Tisbury, and was first heard March, 1716-17, in our local courts (see pages 64, 65), and by the plaintiff appealed to the Superior Court at Plymouth (page 67). It was an important suit, involving the validity of the divisions of the common land into sixteen shares, and many interests were at stake.\*

So far as known, these are the only vicissitudes, accidents and losses to which our early records have been subjected; and when it is remembered that for two centuries they have been in the official keeping of so many persons, often unsafely stored in private houses, it is matter for

---

\* The property involved was the proprietor's "share" in the "home lot" of William Pabodie, which he had sold in 1672 to George Russell of Scituate, and which was laid out on the west bank of the Old Mill River, on the north side of the "Scotchman's Bridge" road. Through the early deaths of Russell and his only son Samuel as heir, and the remarriage of Samuel's widow to Cornelius Briggs, all being non-residents, the ownership became dormant, but was finally revived thirty years after, in 1716, by Joseph Briggs, son of Cornelius, who laid claim to the one-sixteenth, or the proprietor's share, belonging to the Pabodie lot. It appears that in 1683 Simon Athearn had bought of Cornelius Briggs a quit-claim of his and his wife's interest in the lot, together with the proprietor's "share" thereto belonging in the undivided lands in the town. The "home lot" was sold the next year, but the "share" was retained by Athearn, and he participated in all the land divisions on its account until his death in 1715, when it descended to Samuel Athearn, his son, which accounts for his connection with the suit as the principal person affected (see pages 67, 68). It will thus be seen that much depended on the issue of the case, and the early records became an important factor to the litigants. This probably explains the loss described.

congratulation to our citizens that these priceless volumes are now to be placed forever beyond the reach of loss by theft, fire, and that equally destructive, though slower, agency, "the gnawing tooth of Time." This satisfaction must be felt not only by the present citizens of Tisbury, but by that innumerable body of descendants of her early settlers who are now scattered all over the land.

To the patriotic interest of one of her loyal sons, the present town clerk, Mr. William S. Swift, must the credit for the inception and completion of this splendid work be given. The deciphering of the difficult and almost illegible writing of that early period was begun by him in 1894, and continued carefully and zealously during the spare hours of a busy life, until he had completed the labor of transcription. To any one who has not been familiar with such work this statement may convey slight significance of the toil and patience involved in securing a correct copy of these ancient records. Having had special opportunities for examining them in connection with my work upon the history of Martha's Vineyard, I can testify to the accuracy of his work, and students and readers may be assured of the correctness of the copy as printed. The town owes its efficient clerk a debt of gratitude for this "labor of love," which he has now so admirably concluded in the following pages.

Nor would this reference to his work be entirely accurate if it failed to mention a joint laborer who has been from the early beginnings of the greatest service in the work of transcribing and comparing, — Miss Jennie W. Cleveland, the assistant town clerk. To her must be granted a share of the acknowledgment which we, as citizens of the old town, feel is due for this permanent preservation of its records. These books, together with the old parchment charter, granted by Lord Lovelace in 1671, — the only one surviving of the three then granted, — constitute the oldest original historic muniments of the Vineyard, and it is of more than local concern that they should be made available for future generations.

Secondly: We have Laid out the Undivided Land at Charls Neck as followeth: (1) The first Lott on the East Side below Waldrons: Bounded Easterly by the Midle or Center of Charls neck bottom, as the sd Bottom runs according to the Custome & Practice of Dividing between Neck & Neck from the mill path to Watsha Path & Noatherly by the Mill path Extending from sd Easterly bounds westward by sd Mill path full fifteen Rods and a half Rod & bounded Southerly by Watsha path below Waldrons Extending from y<sup>e</sup> sd Easterly bounds Westerly by sd Watsha Path full Sixteen Rods and a half Rod So then the bounds of sd first Lott Runs Noatherly on a Streight Line till it comes to the aforsd bounds westerly corner of the Mill path — (2) The Second Lott is bounded Easterly by the first Lott, and Noatherly & Southerly Just as the first Lott here is Extending westerly at the Mill path from the Bounds of this first Lott westerly full fifteen Rods and a half. and at Watsha path from the bounds of this first Lott Lott it Extends full Sixteen & a half Rods West-

erly & to y<sup>e</sup> West bounds of this Second Lott is a Streight Line from the Mill path to Watsha path Compleating the aforsd breadth thro out from end to end & from side to side—

(3) The Third Lott Lyes Next Westerly adjoining to the Second Lott here from End to End, and look how the Second Lott here is bounded even Just so this Third lott is bounded in Quantity Measure Demensions Extent and Bounds.

(4) The Fourth Lott lyes next Westerly adjoining to the Third Lott from end to end and Look how the Second Lott is here bounded Even just so this fourth Lott is Bounded in Quantity Measure Demensions Extent & Bounds Length & breadth

(5) The Fifth Lott lyes Next Westerly adjoining to the fourth Lott from End to End & Look how the Second Lott here is Bounded. Even just so this fifth Lott is bounded in the Like Quantity Measure Demensions Extent & Bounds and Length & breadth.

(6.) The Sixth Lott lyes Next Westerly adjoining to the fifth Lott from End to End, and Look how the Second Lott is Bounded, Even just so this sixth Lott is bounded the Like Quntity the same Demensions Extent & Bounds.

(7.) The Seventh Lott Lyes next Westerly adjoining to the sixth Lott from End to End and look how the second lott is Bounded, Even just so this seventh Lott is Bounded in y<sup>e</sup> Like Quantity Measure Demensions Extent & Bounds Length & Breadthe.

(8.) The Eighth Lott is lyes Next Westerly adjoining to the seventh Lott from End to End, and look how the second Lott is Bounded Even just so this Eighth Lott is bounded in the Like Quantity Measure Dementions Extent & Bounds.

(9.) The Ninth Lott lyes next Westerly adjoining to the Eighth Lott from End to End and Look how the second Lott is bounded Even just so this Ninth Lott is Bounded from End to End in the like Quantity Measure Demensions Extent & Bounds Length & Breadth :

(10) The Tenth Lott lyes next Westerly adjoining to the Ninth Lott from End to End and Look how the Second Lott is Bounded, Even just so this Tenth Lott is Bounded from End to End in the Like Quantity Measure Dementions Extent & Bounds :

Evn Just so is this fifteenth Lott bounded in Quantity Measure Dimensions Extent bounds Length & breadth.

(16) The Sixteenth Lott being the Last Lott in this Division lyes Next Westerly adjoining to the fifteenth Lott from End to End bounded West-erly by the Center of the Deep Bottom on y<sup>e</sup> North by the Mill path on y<sup>e</sup> South Square off with Tississa laid out path on y<sup>e</sup> East by the fifteenth Lott. So there is a wattering place Left on Charles neck side in the Square to the Brook and fifteenth Lott Thirdly We have laid out a way three Rods in breadth from the East End of the way formerly laid out a Cross Charles Neck a Cross the heads of the Necks Eastward till it comes to mett with the line at the midle of Watsha this way nowlaid out is bounded Southerly Partly by Soloman Athearns land and Partly by John Butlers Land & Noatherly by the South End of Sixteen lotts now laid out at the head of Hommons Neck Scrubbed neck & Watsha.

Now we begin at the bound tree by Simon Newcombs path first. And from Eying the Stand of Providence in the Extraordinary Unanimity of this People, After so long a Time spent without Having the Gospell Ordinances Regularly Administered; Althô I Look upon my self a Person UnEquall & Unworthy of such an office; yet have I been lead to Think that it is the Mind & Will of Christ the Great Head of the Church That I Take the Pastoral Charge of this His floëk; From this Consideration Alone (and not for the sake of Filthy Lucer) Do I feele my Mind Disposed to Comply. — And Accordingly Do now Accept of the Call of this Church & Town To be Their Minister — : And Promise by Divine Assistance to Devote my self to the work of the Ministry in this Place; And to Labour among you in word and Doctrine — . And as I Depend upon you under Providence for my support I Expect you will make such Additions from Time to Time as I shall stand in need off. — Desire your Earnest Prayers & Supplycations to the God of all Grace for me, That I may be a Faithfull Minister of Jesus Christ, That I may Rightly Divid the word of Truth to this People, And be the Instrument of Turning many to Righteousness — . & Oh That we may all so Live Together Here that we may Meet in Zion above & Shine as the brightness of the Fermament & as the Stars for Ever & Ever:

Tisbury December y<sup>e</sup> 6<sup>th</sup> AD 1774 Attest EZRA ATHEARN *Town Clerk*

At A Convention of the Committees of the Several Towns in the County of Dukes County in the Province of the Massachusetts Bay: Held by Adjornment at Tisbury in Said County on the 9<sup>th</sup> of November 1774 The Said Committee after Serious Consideration of the unhappy State of the Province in general & of Said County in Particular; by means of Certain Acts of the Brittish Parliment more especialy A Late Act Entituled an Act for the better Regulating the goverment of the province of the Massachusetts Bay: Resolved as follows That by the Emigration of Our Ancestors from great Brittain into the parts of America of which the Province of the Massachusetts Bay consists: When thare ware Uncultivated Regions Inhabited only by wild Beasts and Savages in human form: by their Establishing them selves here at their own great expence Submitting to and Enduring with most Remarkable fortitude and Patience the most greivous Toils and hardships. Amidst the greatest dangers: by the great cost and labour of the People of this province Clearing Incosing & Cultivating their Lands here (After a fair purchas hereof of the Indian Propriators) And in Erecting Nessecary & Conveniant Buildings thereon: And by this Peoples Defending at A Vast Expence of their Blood and Treasure their Possesions and Properties thus Aquired.

The Territories Included within this Province which would Otherwise have belonged to no Prince or Princes but Indian Sachems; or

which would have been much worse for Great Brittain would have been Possessed by the Subjects of Some Rival European Prince or State) Are now with but verry Little if any Expence to the Crown or People of Brittain become a verry Valluable Part of the Dominions of the British Monorch which from the first Peopeling thereof by his Subjects hath been Continually Increasing in vallue to the Vaste and growing Emolument of the Crown and People of y<sup>e</sup> Mother country by A Great Increas of the Trade & commerce and Naval Powers

2<sup>y</sup> That therefore (to Say nothing) Concerning the Just Tittle of the ancient collony of the Massachusetts Bay: To the Libertys and Priveledges they at first enjoyed: by Virtue of A Royal Charter which was unjustly Vacated: and which they ware Unreasonably denied a Restoration off. The People of this Province were Antecedently to the Charter Granted then by King William & Queen Mary and Still are by A Right dearly aquired by their Predecessors and themselves Justly Intituled to at least all the Liberties Priveledges Franchises & Imunities as well as to any of y<sup>e</sup> Lands Granted by Said Charter 3<sup>y</sup> That the Late Act of Parliment Attempting an Alteration of our constitution and a violation of Our Charter (Without our being heard or even Cited to appear in defence thereof) is therefore Unconstitutional Unrighteous & Cruel Act or Power, Justly Alarming to us as being manifestly designed to wrest from us our most valluable & dearly bought rights which we have no ways forfeited And threatning us with all the Wretchedness of Subjection to Arbitrary & Despotick Goverment and A State of Abject Slavery: To Say nothing aboute the Impolicy of Said Act as being Detremental to the Mother country

4<sup>y</sup>. That therefore we will not Submit to. but to the utmost of our power in all Just and propper ways Oppose the Execution of y<sup>t</sup> Unjust and unconstitutional Act and do recomend the Same Resolute Opposition thereto to the People of this county

5<sup>y</sup> That no Power or Authority in any ways derived from Said Act of Parliment ought to be Submitted to by any belonging to this County or to be in any way Owned to be Constitutionall: And that when any Man Shall Accept of an Appointment to any Civil Office here: in Conformity to Said Unconstitutionall act and Shall pretend to Exercise any Power or Authority by Virtue thereof he Ought to be in no ways Supported or countenanced therein but Ought to be considred and treated as one Acting by A pretended Outhority only And as an Enemy to his country

6<sup>ly</sup> That the before mentioned Charter of this Province and the Laws of the Province founded thereon are all of them Constitutionall good and Valid; anything contained in Said act of Parliment to the contrary notwithstanding

7<sup>ly</sup> That all civil officers in this county holding commissions by an Appointment agreeable to Said charter are when Sworn as the Law Directs Legally & constitutionaly Authorized to act in their Respective offices According to their Respective commissions and the Laws of this Province and Ought to be Supported in thus Acting, by the People of the County

8<sup>ly</sup> the Jurors Ought to be chosen and returned in this County in no other manner then According to the directions of the Laws of this Province with regard to grand & Pettit Jurors respectively

9<sup>ly</sup> That Town-meetings ought to be held in this county as hath been Usual according to the Directions of the Laws of this Province; And that All grants of Monney made: and all Votes passed in such Meetings agreeable to Said Laws Ought to be considered as good and binding the Said Meeting be Otherwise Called then the Aforesa'd act of Parliment directs, and all Persons who Shall avail themselves of that act in refusing to pay their Proportion of Monney thus granted will by the regard they Shew to that Oppressive act aid and abbet the Enemies of their Country in Voilating its Just rights Laws and Liberties,

10<sup>ly</sup> Wee advise the Constables Collectors & Other officers in this county who have or Shall have Monney in their Hands belonging to the Province that thay pay in the Same according to the direction Lately given them by the Provincial Congress or by A Constitutional house of Representatives

11<sup>ly</sup> With regard to non Importation non Consumption and non Exportation of goods wares and Merchendizes we Earnestly recommend to the People of this county a Strict Conformity of their Conduct & Practice to the Resolutions & Advice of the Late Grand American Congress

12<sup>thly</sup> And Finally With respect to the State of Embarrasment this Province is in by reason of the Late act of Parlement for altering our Constitution, we Earnestly Recomend it to the People of this County that they take no advantage of any Difficulties attending the Administration of Justice in the Present Unhappy State of our Publick Affairs: And that they Refrain themselves from all Violations and Mobbish Proceedings and from all Acts of unlawfull Outrages and Voioences; and

from every kind of Injustice and that they be carefull to render to all their dues: and behave themselves in a Quiet Peacable & Orderly manner Shewing Aduē regard to Every divine Precept And to the good and wholesom Laws of the Land

And with Respect to the Taxation of the American Colonists by Great Brittan Resolved First. That the People of this Province are not only by a Just national right; but also by the Express words of their Charter Intitaled to have and Injoy all the Liberties and Immunities of free and natural Subjects within any of his Majesty's Dominions to all Intents Constructions and Purposes whatsoever of which Inunities of free and natural Subjects this is most certainly one that no Tax be Imposed on them but with their own consent Given Personally or by their Representetives, 2ly That the brittish Parliment by Imposing Duties on commodities Imported here from Brittan for the Single purpose of Raising a revenue by Leveying upon us: Have Taxed us without our Consent given Either Personally or by our Representatives and have thereby assumed to themselves A Power to dispose of our Property at their Pleasure And have grosly violated one of our most Esential Natural as well as charter rights, 3ly That the Exercise of the Power of Taxing us assumed by the Parliment of Great Brittan ought therefore to be Resolutely & Strenously Opposed by the People of this Province and by every free American Colonistis with respect to the Treatment of the People of Boston by the Blocking up of their Harbour and Sorounding them with an armed force, Resolved That by the Late Act of Parliment for blocking up the Harbour of the Capital of this Province and by the vey Rigourous and unjustifiable Execution thereof the People of that Town are Treated in a vey Oppressive and Cruel manner to the great hurt & Detriment not only of this whole Province but of the Other American Collonies also by Obstructing their Trade & Commerce: and that the People of that Distressed Town Ought to be Considerd by all the Friends of civil Liberty as Sufferers in a Cause Common to all Such: and as therefore Justly Intituled to all the Support & relief they are able to afford them: and as to the Late Proceedings with regard to Canada Resolved That the Extending the Limits of that Province and the Establishment of Arbitrary Government as well as Popery therein Seems to Threaten the Other British Collonies on this Continent with a Like Sub-

jection to the Despotism of A France mode of Government and that all the People of these Colonies ought therefore readily & Cheerfully to concur with the measures Adopted by their Delegates at the Late Grand American Congress in Order to bring in the Canadians to Unite with the Other British Colonists in Asserting their common Right and Tittle to all the Priviledges & Immunities of Free brittish Subjects

There are also beside those which we have taken Particular Notice off Divers other verey Injurious and Oppressive Measures with regard to these Collonies: Of Late Adopted and carrying on by the British Ministry concerning which wee hope it will Suffice for us to Declare as wee are so happy as to agree in Sentiment with the Grand American Congress; with respect to these as well as other matters of Publick Greviance So we are Determined to conform our Conduct to the resolutions which they have Published

With A Special aim at Serving our Constituents the People of the very Small and Poor (tho' Antient) County of Dukes County in their Remote and Obscure Situation; wee who are of the Committees of the Several Towns in that county have passed the before goeing Resolves, but wee have yet also herein Humbly Aimed at Contributing to the Service of Brittish Americans in General in their Contests for their Just Rights and Priviledges to whose Obtaining what they Claim wee Apprehend that their appearing by their Publick Exploit Declarations to agree in their Claims and to be alike Resolved and Persisting in them will be greatly conducive, and wee with the utmost Sincerity declare that it is with hearty Loyalty to Our Sovereign Lord the King with an high Sence of the Power and dignity of the Brittish Parliment and Ministry and of the Reverence wee Owe them account hereof with Sincear affection and good will to the People of Great Brittan — with great grief and concern on account of the Present unhappy Variance and Strife between that Countery and her American Collonies an Earnest desire of the relation of that happy union Love and harmony formerly Subsisted between them; by A Relation of those Liberties Priviledges Imunities to these Colonies and to this Province in Particular which they Enjoyed till about the year 1763 and from a Sence of Our Duty to God, Our country and our Selves and to future Generations of British Americans as well as the present: Wee have so freely Expressed Our Sentiments with respect to matters of so high Importance and of so Delicate a Nature as the Rights of the Brittish Collonists in America and the Conduct of those Towards them who are in highest Power in the Mother Countery

And that Great Brittain and her Colonies may be blessed with an

happy Union and harmony between them and may respectively enjoy all their Just Rights and Priveledges and every Publick blessing to the end of time and that King George the third our most Rightfull Sovereign may Long and hapily boath for himself and his Subjects reign over the People of his widely Extended Empire: And that his Successors on the Brittish Throne to the Latest Posterity may be Protestants of his Illusterous Race And great good and happy Monarchs by & under whose wise mild and Righteous Goverment their Subjects Shall enjoy great Peace and hapiness is Our most Earnest Prayer to the Supreme ruler of the Universe to which we wish every Britton and Every British American would Sincearly & Devoutly Say A Men

To the Honourable the Senate and House of Representatives of the commonwealth of Massachusetts in General Court assembled

The Remonstrance of your petitioners Inhabitants of the Town of Tisbury in the County of Dukes County, Humbly that at a legal meeting warned for that purpose in the Town of Tisbury on the sixth day of April A. D. 1807. And continued by adjournment to the fourth day May following, the Inhabitants beg leave to Remonstrate against the petition of Cornelius Marchant and others of the Honourable Justices of the court of common pleas & General Sessions of the Peace for the county aforesaid in Removing said Courts from the Town of Tisbury to the Town of Edgartown, which deprives the people of the S<sup>d</sup> Town of Tisbury of a Priveledge which we think belongs to us the Remonstrants, Said Town being the Central Town in the County, for

one session is holden at Edgarton and to remove the other to the Town of Edgartown will be laying a burden on the people of the Town of Tisbury, for most of the Inhabitants live at a distance of nearly Ten miles from the Court house at Edgartown and wee shall be under many Inconveniencys to attend court twice a year at Edgartown, if our Honourable Court had Petitioned to hold but one session a year it would have lessened our expences (as lately we have had more Justices in the Commission of peace than at any former period since the Constitution was framed and we Should not complained for our county is very small, not larger than many Towns in this Commonwealth, but to remove the other sessions and to hold both at Edgartown will enhance our expences and Travail, so under the existing circumstances that we feel confident that your Honours will not permit the court to be altered from Tisbury to Edgartown. And we beg leave to refer your Honours for the foregoing statement, to the map the census of the County of Dukes County, and the Tax bill, Wherefore your Remonstrants Humbly pray and expect that your Honourable body will not remove said court from Tisbury to Edgartown where it is now held, and your Remonstrants as in Duty will ever pray,

THOMAS DUNHAM } *Committe appointed*  
 JOHN DAVIS } *by the Town*

To the Honourable the Senate and House of Representative of the United States in Congress Assembled

Your Memorialist and petitioners Inhabitants of the town of Tisbury and County of Dukes County State of Massachusetts In legal town meeting assembled beg leave to state that your petitioners in conse-

quence of the War with Great Britain are many of them destitute of employment by being deprived of their real Occupations and the present high price of bread considerably adds to their embarrassment while your petitioners are daily obliged to give nearly double the Usual price of bread they see with infeighed Sorrow Vessels daily carrying Bread stuff (under British Linnners) out of the United States to the ports & Countries under the controul of the British Nation & their Armies In return we see the Manufactures of Great Britian filling our ports & Towns thereby aiding our enemies as well as drawing out pecious Metals (now so much wanted in our Country We the Inhabitants of Tisbury do petition the Legislator of our nation that the Exporation of Bread Stuffs may be prohibited during the present Scarsity and in imitation of our Forefathers of the Revolution do request that the Nonimportation Law may be strictly and rigidly enforced against Great Britain which will we believe alleviate many of our Citizens in the price of Bread and find Employment for our own Manufacturing Citizen to the Exclusion of the Manufactures of Enemies, and will also keep the Specia In our Country your Memmorialists beg leave further to Remark that no Nation (to our Knowledge) even become a great maratime power Untill they could manufacture for themselves no nation that ever admitted British goods to be Imported amongst them without some restriction but what Experienced a decline In their own Manufactories a scarcity of specia frequently a dismemberment of their Empire Wherefore your Memmorialist & petitioners for the reason before mentioned do request that the above petition if consistant with the national welfare may be carried into Effect — Your petitioners as in duty bound will ever pray

To the Honourable Court of Commissioners for Dukes County We your petitioners humbly represent that an open County road is very much needed in the Western part of said County to facilitate intercourse between the said Western part of said County, Holmeshole, and Edgartown, We further beg leave to represent that the Inhabitants on the, North West part of Chilmark and West part of Tisbury are suffering very great inconveniencies for want of said road and if a road should be opened through that part of the County it would increase the value of the County much more than the cost of s<sup>d</sup> road.

Your petitioners not thinking to guide your Hon. body would merely suggest to your wisdom the general direction we think said road. ought to take. Viz. Beginning at the Holmes hole road Eastward of Mr Hovey Luce's or Dea. John Davises and running in a South Westerly course in the most convenient way through the Neighborhood of Cappiggin and terminating at the road Called or known to be the middle line near Mr Vincent Tabers, and if the Hon. Court on a view of the route should think it for the Publick good of s<sup>d</sup> County to extend the road farther westward we Pray that it may be extended in a direction towards, Nas-saquitsey and. Gayhead as far as the Hon. Court shall think for the Publick good. We pray the Hon. Court to adopt such measures at the next sitting of s<sup>d</sup> Court in May next as is necessary for the speedy opening of s<sup>d</sup> road, as in duty bound
