Massachusetts Registers & Assistant Registers of Deeds Association

Massachusetts Deed Indexing Standards 2025

Introduction

This booklet explains how registries of deeds in Massachusetts index documents. It also provides guidance on issues that frequently arise during the recording process. This is the fifth version of these standards. Others were promulgated in 2000, 2006, 2008, and 2018.

Each of these standards reflects the practice of the great majority of Massachusetts Registries of Deeds. However, due to variations in technology, local legal culture and other factors, universal compliance with these standards is a practical impossibility. Therefore, individual registries may create a local supplement that explains how local practices differ from these rules.

Questions or comments on these standards should be directed to Paulo C. DeOliveira, Register of Deeds of the Dukes County Registry of Deeds, by mail to 81 Main Street, P.O. Box 5231, Edgartown MA 02539; by phone at (508) 627-4025; or by email at registry@dukescounty.org.

1-2 Modification of Mortgage

To record a Modification of a Mortgage, the signature of at least one borrower and of at least one lender must be acknowledged.

1-3 Notary Stamp or Seal

Failure of a notary public to affix their official seal or stamp to the document being acknowledged shall not affect the recordability of the document provided the notary has signed the acknowledgement clause and has printed their name and the expiration date of their commission beneath their signature. (MGL c.222, s.8).

1-4 At Least One Acknowledgement; Exceptions

At least one grantor signature on a deed or other written instrument must be properly acknowledged for the document to be recorded. However, both signatures on a declaration of homestead filed by a married couple must be acknowledged for the document to be recorded.

1-5 Out of State Acknowledgement

An acknowledgment made outside of the Commonwealth but within any state, territory, district or dependency of the United States, shall be made before: a justice of the peace, notary public, or magistrate of the state in which the acknowledgment is made; a commissioner appointed therefor by the governor of the Commonwealth of Massachusetts; or any other officer of the state in which the acknowledgment is made provided that a certificate of authority of said officer in the form prescribed by M.G.L. c. 183, s.33 is attached thereto. To be recorded in Massachusetts, such an acknowledgement does not require the seal of the officer taking the acknowledgement. However, at a minimum, the acknowledgement must identify the jurisdiction in which the acknowledgement is being taken, the signature of the officer taking the acknowledgement, the printed name of the officer taking the acknowledgement, the title of the office the person taking the acknowledgement holds, the date of the acknowledgement, and the name of the person whose acknowledgement has been taken. All of these items must be clearly stated in legible form.

1-6 Out of Country Acknowledgement

An acknowledgment made outside of the United States or any dependency thereof shall be made before: a justice of the peace, notary public, or magistrate of the country in which the acknowledgment is made; a commissioner appointed therefor by the governor of the Commonwealth of Massachusetts; or an ambassador, minister, consul, vice consul, *charge d'affaires* or consular officer or agent of the United States accredited to the country where the acknowledgment is made and, if made before an ambassador or other official of the United States, it shall be certified by him under his seal of office.

However, at a minimum, the acknowledgement must identify the jurisdiction in which the acknowledgement is being taken, the signature of the officer taking the acknowledgement, the printed name of the officer taking the acknowledgement, the title of the office the person taking the acknowledgement holds, the date of the acknowledgement, and the name of the person whose acknowledgement has been taken. All of these items must be clearly stated in legible form.

1-7 Remote Online Notarization

Chapter 2 of the Acts of 2023 will permit notaries public in Massachusetts to use online communications platforms to perform their duties. However, they must first complete training and notify the Secretary of the Commonwealth through an online form prior to using such online platforms. As of the effective date of this version of the Deed Indexing Standards, the training and online form have not yet been identified so notaries are not permitted to use online platforms. Once such procedures are in place, a supplement to these Indexing Standards will be published by the Registers of Deeds Association if it is deemed necessary.

1-8 Sufficiency of Acknowledgement

To be recorded, an acknowledgement performed in Massachusetts must contain the signature and printed or typed name of the officer before whom the acknowledgement was made; the expiration date of the officer's commission; the name of the person whose signature is being acknowledged; and some language that indicates that the person intends such signature to constitute an acknowledgement.

2. - ADDRESSES – HOW INDEXED

2-1 Abbreviations in Addresses

The following words must be abbreviated when used in an address:

Avenue	AVE
Boulevard	BLV
Circle	CIR
Drive	DR
Lane	LN
Parkway	PKW
Place	PL
Road	RD
Square	SQ
Street	ST
Terrace	TER
Turnpike	TPK

2-2 Indexed as Presented in Document

Unless otherwise stated in these standards, addresses shall be entered in the registry index as they appear in the document being recorded. For example, if one document had the address as Sixth Street and another document had the address as 6th Street, the registry would enter the street name in the index just as it appeared in each document.

2-3 Condominium Unit Number in Address

A condominium unit number is part of a property's address and shall be entered in the index. Check with individual registries to determine which field of the index contains the unit number. Some enter it in the street name field following the name of the street; others in the description field.

3. - ADDRESSES ON DEEDS

3-1 Grantee Address

A deed shall not be accepted for recording unless it contains the mailing address of the grantee. This is the address to which the city or town tax collector will send tax bills.

3-2 Property Address

A deed shall not be accepted for recording unless it contains the address of the property being conveyed with the address clearly labeled "property address."

4. - AFFIDAVITS

4-1 How Signed

All affidavits must be signed "under the penalties of perjury," however, they need not be acknowledged to be recorded unless an acknowledgement is specifically required by statute.

5. - ANTENUPTIAL AGREEMENT

5-1 General

MGL c.209, s.26, requires an antenuptial agreement that affects real estate to be recorded in the appropriate registry of deeds. While the registry will record this document, the parties to the document should be aware that registry documents are freely available to all online so any sensitive financial or personal information contained in the agreement would be made public by recording it, so the document should be drafted with that in mind.

6. - APOSTILLE

6-1 Apostille: How Obtained

A notarized document being sent from Massachusetts to a foreign country may require an apostille which is a document issued by the Massachusetts Secretary of the Commonwealth that verifies the authenticity of the notary's signature on the document. To obtain an apostille: (1) have your document acknowledged by a notary public; (2) ensure that (a) the notary signs their name exactly the way it appears on their notary commission; (b) the certification language (i.e., "Personally appeared the above-named . . .") is fully completed; (c) that the notary's "expiration date" is clearly stated on the document; and (d) that the notary has affixed their notary seal on the document and that the imprint is legible; then (3) bring the original notarized document to Secretary of the Commonwealth's Commissions Section, One Ashburton Place, Room 1719, Boston, MA 02108, (617) 727-2836, along with a check or money order for the current fee charged. Apostilles are also available at the Secretary of the Commonwealth's offices in Springfield and Fall River.

7. - ATTORNEY AFFIDAVIT

7-1 Attorney Affidavit - General

According to MGL c.183, s.5B, an affidavit made by a person claiming to have personal knowledge of the facts therein stated and containing a certificate by an attorney at law that the facts stated in the affidavit are relevant to the title to certain land and will be of benefit and assistance in clarifying the chain of title, shall be filed for record and shall be recorded in the registry of deeds where the land or any part thereof lies. To be accepted for recording, a 5B affidavit:

1. Must be signed by the affiant under the penalties of perjury;
2. Must be certified by an attorney licensed to practice law in the Commonwealth of Massachusetts;
3. Must contain the typed or printed name, address, phone number and Board of Bar Overseers (BBO) number of the attorney making the certification.

7-2 Attorney as Affiant and Certifier

The attorney who executes the certificate required by MGL c.183, s.5B, may also be the affiant of the affidavit being certified.

7-3 Copy of Document Attached

When an attorney affidavit attaches a copy of a document that would otherwise be recordable on its own because the original version of that document is not available to be recorded, the affidavit must specifically state the circumstances of the non-availability of the original version.

7-4 Format of Attorney Affidavit

In the case of the same attorney being the affiant and the certifier, it is preferable to format the document with separate sections for the affidavit and for the attorney's certificate, however, the registry should not reject a document just because those two sections are combined.

8. - ATTORNEY'S LIEN

8-1 Attorney's Lien - Recordability

MGL c.221, s.50 states "From the authorized commencement of an action, counterclaim or other proceeding in any court, or appearance in any proceeding before any state or federal department, board or commission, the attorney who appears for a client in such proceeding shall have a lien for his reasonable fees and expenses upon his client's cause of action, counterclaim or claim, upon the judgment, decree or other order in his client's favor entered or made in such proceeding, and upon the proceeds derived therefrom. Upon request of the client or of the attorney, the court in which the proceeding is pending or, if the proceeding is not pending in a court, the superior court, may determine and enforce the lien; provided, that the provisions of this sentence shall not apply to any case where the method of the determination of attorneys' fees is otherwise expressly provided by statute."

However, in order to be recorded at the registry of deeds, the judge approving the Motion for Attorney's Lien must specifically state that it may be recorded as a lien against the debtor's real estate. See *Russell & Associates LLC v. Wallace*, Essex Superior Court Misc. 10-425681 (2010).

9. - CHANGES TO INDEX

9-1 Record of Changes

Any change or correction to an index or record made by the registry of deeds shall be documented in a manner that records the nature and date of the change or correction and that is available for public inspection at the registry during normal business hours. MGL c.36, s.14.

10. - CONFIRMATORY DOCUMENTS

10-1 Explanation Included

Any document that is intended to confirm or correct a previously recorded document SHALL include the book and page number of the earlier document, a brief explanation of the purpose of the confirmatory document, and a statement that no other changes have been made to the document.

10-2 Re-Recording a Document

A document that has already been recorded may not be recorded again unless it has first been re-executed and re-acknowledged. (Land Court does not generally allow confirmatory documents or re-registered documents without a Court order or approval).

11. - CONSERVATION RESTRICTION

11-1 Authority

Approval authority of a conservation restriction created in accordance with MGL c.184, s.32 shall be as follows: (a) in case of a restriction held by a city or town or a commission, authority or other instrumentality thereof it is approved by the Secretary of Environmental Affairs if a conservation restriction, the Commissioner of the Metropolitan District Commission if a watershed preservation restriction, the Commissioner of Food and Agriculture if an agricultural preservation restriction, the Massachusetts Historical Commission if a preservation restriction, or the director of housing and community development if an affordable housing restriction, and (b) in case of a restriction held by a charitable corporation or trust it is approved by the mayor, or in cities having a city manager the city manager, and the city council of the city, or selectmen or town meeting of the town, in which the land is situated, and the Secretary of Environmental Affairs if a conservation restriction, the Commissioner of the Metropolitan District Commission if a watershed preservation restriction, the Commissioner of Food and Agriculture if an agricultural preservation restriction, the Massachusetts Historical Commission if a preservation restriction or the Director of Housing and Community Development if an affordable housing restriction.

11-2 Indexed and Charged as Single Document

A conservation restriction created in accordance with MGL c.184 contains multiple elements but should be treated and recorded as a single document and should incur a single recording fee. A conservation restriction requires the signatures of four parties: (1) the land owner/grantor who grants the restriction; (2) the conservation commission/grantee that accepts the grant of restriction; (3) the executive of the municipality in which the grant is located, certifying that the restriction is in the public

interest; and (4) a representative of the Commonwealth of Massachusetts, who also certifies that the grant is in the public interest.

12. - COPIES

12-1 Certified Copies

The registry of deeds will accept for recording (1) a copy of a document recorded at another registry of deeds that has been certified by that registry of deeds; and (2) a copy of a document from a court or other government agency that has been certified by the issuing court or government agency.

12-2 Copy Certification by Notary Public

A copy certification by a notary public does not constitute a “certified copy” under these standards and may not be recorded unless specifically authorized by statute.

12-3 Electronically Transmitted Government Documents

Electronic documents from a government agency that are transmitted to a third party in electronic form and then printed by the third party and presented for recording are acceptable provided that the governmental entity that created the document intends the printed version of the electronic image to constitute an original document.

12-4 Marginal References on Certified Copies

The person presenting a certified copy of a document for recording may annotate such certified copy with one or more book and page numbers to which marginal references are requested to be made by the registry. Note that MGL c.262, s.38 regarding multiple fees for multiple references applies.

12-5 Original Documents

The registry of deeds will only accept for recording original documents or copies certified in accordance with these standards.

13. - DEATH CERTIFICATES

13-1 Property Address and Deed Reference

Whenever a death certificate is recorded to show a change of ownership, the registry recommends that the street address and town of the affected property, and the book and page of the deed which established ownership in the decedent, should be annotated on the death certificate so they may be indexed by the registry of deeds.

14. - DEEDS

14-1 Consideration on Deeds

Every deed presented for recording shall contain a recital of the amount of the full consideration thereof in dollars or the nature of the other consideration therefor, if not delivered for a specific monetary sum. The full consideration shall mean the total price for the conveyance without deduction for any liens or encumbrances assumed by the grantee or remaining thereon. All such endorsements

and recitals shall be recorded as part of the deed. No register of deeds shall accept a deed for recording unless it is in compliance with the requirements of this section. (MGL c.183, s.6).

14-2 Consideration - Other

Although MGL c.183, s.6, permits a deed to cite consideration other than a dollar amount (such as “love and affection”), the registry must have an actual dollar amount to calculate any deeds excise tax that may be due. Consequently, when a deed that does not cite a dollar amount (such as “\$1”), the process of recording the deed may be delayed while the registry inquires further into the amount of consideration.

14-3 Grantee Address

A deed shall not be accepted for recording unless it contains the mailing address of the grantee. This is the address to which the city or town tax collector will send tax bills.

14-4 Property Address on Document

A deed shall not be accepted for recording unless it contains the address of the property being conveyed with the address clearly labeled “property address.”

14-5 Sufficiency of Property Description

A deed shall not be accepted for recording unless the property being conveyed is described “with such particularity as to make it capable of identification.” At a minimum, the description must include the municipality in which the land is located, and (1) identify the land as a particular lot on a recorded plan; (2) include a “metes and bounds” description of the property, usually carried forward from a prior deed in the chain of title; (3) identify the property being conveyed as the same conveyed in a prior deed which is identified by its book and page number; or (4) state that no new lines or boundaries have been created by the deed.

14-6 Tenants by the Entirety

A deed that conveys title to two individuals as Tenants by the Entirety may be recorded even when there is no mention of “husband and wife” or “married to each other” or similar language.

15. - DEED OF DISTRIBUTION

15-1 Indexing

A deed of distribution shall be indexed as a “deed” with the names of the decedent and the personal representative indexed as grantors and the names of the distributees as grantees.

15-2 Property Description

A deed of distribution must provide the name of the decedent, the decedent’s date of death, probate court and docket number, the name of the duly qualified personal representative and the names of the distributees. Additionally, a deed of distribution must comply with other requirements for deeds set out in these standards.

15-3 Recording

A deed of distribution may be recorded at the registry of deeds for the district in which the real estate is located for the applicable recording fee.

16. - DEEDS EXCISE TAX

16-1 Abatement

A customer who overpays the deeds excise tax at the registry of deeds may file for an abatement of the tax with the Massachusetts Department of Revenue by using MassTaxConnect (MTC) or by filing paper Form ABT (Application for Abatement).

16-2 Assumed Mortgage

When the purchaser of real estate buys property “subject to” an existing mortgage, or “assumes” an existing mortgage, the amount of the indebtedness is not taxable. To permit the registry of deeds to accurately calculate the tax liability, the deed conveying the property should state the full consideration being paid for the property and the outstanding amount of the mortgage being assumed. (DOR Directive 88-18).

16-3 Deed in Lieu of Foreclosure

When a borrower conveys ownership of property to a lender in return for the lender cancelling the debt secured by a mortgage on the property, the amount of the mortgage debt being forgiven is consideration. The deeds excise tax due is calculated by adding the amount of the debt being forgiven plus the value of any additional cash paid to the borrower/property owner. (See DOR Directive 88-18).

16-4 Divorce

A deed that conveys an interest in real property from one spouse to another pursuant to a divorce is not subject to the deeds excise tax. However, such a deed should specifically state that the conveyance is made pursuant to a divorce and should also list the court and docket number of the divorce case.

A sale of real estate that involves a governmental entity as either a seller or buyer is exempt from the payment of the deeds excise tax. Freddie Mac, Fannie Mae, Ginnie Mae, and RTC are all deemed to be governmental entities for purposes of this rule.

16-7 Imposition of Tax

Massachusetts imposes an excise tax upon the transfer of any deed, instrument or other writing whereby realty is conveyed to a purchaser. The excise is based upon the consideration given for the property and applies, whenever the consideration, exclusive of the value of any lien or encumbrance remaining on the property, is greater than \$100. The tax is paid by the person making or signing the deed and is evidenced by a stamp affixed to it. The tax is \$2.28 for each \$500 or fraction of consideration. However, for deeds recorded in Barnstable County, the deed excise tax is \$3.24 per \$500.

16-8 Martha's Vineyard and Nantucket Land Bank

Additional fees are assessed in Nantucket and Dukes Counties by their Land Bank Commissions. To contact the Nantucket Land Bank Commission, go to www.nantucketlandbank.org or call (508) 228-7240. 16-9 Nominee Trusts

The sale of a beneficial interest in a nominee trust for consideration in excess of \$100 is subject to the deeds excise tax. The excise stamps should be affixed to the assignment of beneficial interest, whether or not that document is recorded. DOR Directive 95-5. The registry may require the presentment of the document to which the stamp is to be affixed even if that document is not to be recorded as a condition of selling such a stamp.

16-10 Not for Profit Entity

A not for profit entity is not exempt from the deeds excise tax.

16-11 Partition of Jointly Held Property

When no party in the partition of a joint tenancy receives a greater interest than he held before, no deeds excise tax is due. Where any party receives an interest in jointly owned property greater than his original undivided interest, there is a deeds excise imposed based on the consideration given for the excess value of the property. Where an interest in property is conveyed out to a third party, a deeds excise is due on the consideration paid for the portion conveyed. In each case, where an excise is due, it is to be paid by the person making or signing the deed. DOR Directive 89-13.

16-12 Register of Deeds Refusal to Record

The register of deeds may refuse to record or register any deed, instrument or writing which does not have the stamps required by c.64D attached thereto. MGL c.64D, s.6B.

16-13 Tax Already Paid

When the same deed is recorded in two registry districts, or on registered land and recorded land in the same district, the full deeds excise tax should be paid with the first recording. A certified copy of the first recording, which would show the excise tax that was affixed to that document, should be used for the second recording. However, if duplicate original documents are used, the deed recorded second should contain a statement that the deeds excise tax for the conveyance had already been paid and should cite the book, page and registry district of the already-recorded duplicate original deed.

The register of deeds shall have the authority to redact any information from any document found to be recorded or presented to be recorded which does not meet the requirements of these standards or of any regulation or statute. MGL. c.66 and c.4.

36. - REFUSAL TO RECORD

Each Registry of Deeds and elected Register of Deeds in the Commonwealth of Massachusetts derives their statutory authority from Massachusetts General Law Chapter 36. Chapter 36 was first codified in the Tercentenary Edition of the General Laws of the Commonwealth of Massachusetts enacted December 22, 1920.

M.G.L. c.36, s.12 states as follows:

“Every deed and other instrument required to be recorded in the registry of deeds shall be recorded in the registry of deeds for the district where the land lies to which such deed or instrument relates; and in all things relating to the register or registry of deeds, each district therefor shall be deemed a county.”

The legislative history of MGL c.36, s.12 identifies section 5 of Chapter 21 of the Acts of 1697 as the original source of the statutory requirements embodied in the current statute.

Section 5 of Chapter 21 of the Acts of 1697 states, in pertinent part, as follows:

“That the clerk of the inferior court of pleas in each respective county shall also be the register of deeds and conveyances; and shall fairly enter and record at length all deeds, conveyances and mortgages of any lands, tenements, rents or other hereditaments lying and being within the same county, made, executed acknowledged and proved in manner as aforesaid, which shall be brought to him (her) to record . . .”

All Registries of Deeds have since their inception been created to do only one thing – record land transfer and financing documents related to land within the county or district.

Registries of Deeds are not and have never been a general repository of documents for members of the public.

All Registries of Deeds are part of a statutory scheme in which each and every document recorded at a Registry of Deeds is authorized by a statute appearing in the Massachusetts General Laws.

As such, each Register of Deeds has limited statutory authority. Each Register of Deeds is bound by statute only to record those documents which are authorized by statute and, further, only record those documents related to land in the county and district in which they serve.

Pursuant to M.G.L. c.34B. Abolition of County Government, the registers of deeds of all abolished counties fall under the supervision of the Secretary of the Commonwealth. The registers remain elected officials retaining local administrative control under the general direction of said secretary. M.G.L. c.34B, s.10(a)(1). It is the expectation of the Office of the Secretary of the Commonwealth that locally elected registers exercise their limited statutory authority in accordance with M.G.L. c.36, s.12.

Any document not related to land in the county or district and/or has no cited statutory authority permitting such recording is not recordable and is properly refused by the Register pursuant to M.G.L. c.36, s.12.

Any person aggrieved by the Register’s refusal to record a document not in compliance with M.G.L. c. 36, §12, may appeal the Register’s refusal in the Massachusetts Land Court or in the Superior Court for the county in which the Registry of Deeds or land is located.

37. - REGISTERED LAND

37-1 Application of Deed Indexing Standards

These indexing standards shall apply to registered land as suggested methods of indexing documents. Any time a conflict exists between these standards and Land Court Guidelines, policies, practices or statutes, the Land Court procedures shall be followed.

37-2 Erroneous Recording of Registered Land

The customer is responsible for determining whether a document should be recorded in the registered land section or the recorded land section of the registry. If a document is recorded “on the

wrong side,” the customer is solely responsible for taking the necessary steps to correct the erroneous recording.

37-3 Land Court Guidelines

Procedures and practices followed by the Registered Land Department of the registry of deeds are set by the Land Court, its memos, directives, and guidelines.

37-4 Registered Land Explained

Massachusetts has two separate systems of recording documents related to the ownership of land. These two systems are known as recorded land and registered land. With registered land, the registry of deeds (operating as an office of the Massachusetts Land Court), issues a certificate of title to the owner of the property and annotates the certificate with the document number of any document that affects the property. Certificates of title are assigned sequential certificate numbers and they are placed in numbered books. Each registered land document is assigned a sequential document number. Registered land documents are not assigned book and page numbers as is the case with recorded land. Instead, registered land documents become associated with one or more certificates of title.

38. - SOCIAL SECURITY NUMBERS

38-1 Redaction of Previously Recorded Documents

Any time a social security number is discovered in a previously recorded document, the registry of deeds shall redact the number on the electronic (and on any paper) versions of the document that are available to the public.

38-2 Social Security Numbers Not Recorded

No document containing a social security number shall be accepted for recording unless the entire number or all but the last four digits is redacted.

38-3 Tax Liens: Redaction of Social Security Numbers

Current IRS Directives require that the last four digits of a social security number on a Federal Tax Lien or related document must be preserved and not fully redacted.

39. - TIME OF RECORDING

39-1 Deemed to be Recorded

A document is deemed to be recorded at the moment that the register of deeds assigns to the document an instrument number, or a book and page number, as the case may be. MGL c.36, s.14b.

40. - TRUSTS

40-1 Certificate of Trust

A certificate sworn to or stated to be executed under the penalties of perjury, and in either case signed by a person who from the records of the registry of deeds or of the registry district of the land court, for the county or district in which real estate owned by a nontestamentary trust lies, appears to

be a trustee thereunder and which certifies as to: (a) the identity of the trustees or the beneficiaries thereunder; (b) the authority of the trustees to act with respect to real estate owned by the trust; or (c) the existence or nonexistence of a fact which constitutes a condition precedent to acts by the trustees or which are in any other manner germane to affairs of the trust, shall be binding on all trustees and the trust estate in favor of a purchaser or other person relying in good faith on the certificate. The certificate most recently recorded in the registry of deeds for the county or district in which the real estate lies shall control. MGL c.184, s.35.
